

New Source Review newspaper public notice for construction permit application, January 1, 2008, for Metal Products Company. The following public notice has been published in the newspaper listed below this advertisement. This newspaper advertisement for a construction permit application was published January 27, 2008. Public notices are generally published every two weeks.

PUBLIC NOTICE

The Tennessee Division of Air Pollution Control (TDAPC) has received requests for construction of air contaminant sources as noted below. The proposed construction is subject to part 1200-3-9-.01(1)(h) of the Tennessee Air Pollution Control Regulations, which requires a public notification and 30-day public comment period. Interested parties may express their comments and concerns in writing to Mr. Barry R. Stephens, Director, Division of Air Pollution Control, 9th Floor, L & C Annex, 401 Church Street, Nashville, Tennessee 37243-1531 within thirty (30) days of the date of this notice. Questions concerning a source may be addressed to the assigned Division personnel at the same address or by calling 615-532-0554.

Individuals with disabilities who wish to participate should contact the Tennessee Department of Environment and Conservation to discuss any auxiliary aids or services needed to facilitate such participation. Such contact may be in person, by writing, telephone, or other means, and should be made no less than ten days prior to the end of the public comment period to allow time to provide such aid or services. Contact the Tennessee Department of Environment and Conservation ADA Coordinator, 12th Floor, 401 Church Street, Nashville, TN 37243, 1-866-253-5827. Hearing impaired callers may use the Tennessee Relay Service, 1-(800)-848-0298.

The applicant is Metal Products Company with a mailing address of 300 Garfield Street, McMinnville, TN 37110. They seek to obtain an air contaminant permit (Division identification number (89-0115-01/61652)) for construction of a metal parts and tool boxes coating process located at the same address. This proposed operation would consist of a dry spray booth. Fabric filters control would be used for pollution control. There would be physical construction. Regulated air contaminants will be emitted by this source. Mr. Robert Benjamin is the assigned Division person.

For the Warren County *Southern Standard* --publish once as soon as possible.
